Supplemental Type Certificate

Number SA2350NM

This certificate, issued to Electronics International, Inc.

*certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part * of the Civil Air Regulations.*

Original Product — Type Certificate Number: * * See Attached Master Eligibility List
Make: * (MEL) Number SA2350NM for list of
Model: * approved airplane models and applicable
airworthiness regulations.

Description of Type Design Change: Installation of Electronics International, Inc. Digital Carburetor/Outside Air Temperature Gauges listed on the attached Continuation Sheet, and the associated accessories in accordance with Electronics International, Inc. Installation Instructions No. II 070781-1.

Limitations and Conditions:

Approval of this change in type design applies to the above referenced models only. This approval should not be extended to other aircraft of these models on which other previously approved modifications are incorporated unless it is determined that the relationship between this change and any of those other previously approved modifications, including changes in type design, will introduce no adverse effect upon the airworthiness of that aircraft. (Continued on Page 3 of 3, Continuation Sheet.)

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked, or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application: July 8, 1983

Date reissued:

Date of issuance: February 16, 1984

Date amended: May 26, 1987
